

Lacoma Golf Club - September 2020

Season Pass Newsletter

A Message from Lacoma

The last push of the 2020 golf season is here! The year 2020 has not been typical by any means but I feel that that gives us a lot to look forward to out here on the course. The course is in great shape and Fall golf weather is hard to beat. Remember, Fall golf is not slow golf here at Lacoma. We have a lot of fun, exciting events planned to finish out the season. Sign up your team today!

-Keith

A Word From Will

When it comes to putting, consistency of contact, direction, and speed is crucial to making putts. For the

proper set up, the eyes should be directly over the ball or just slightly inside the ball line. The ball should be somewhere between the front and middle of our stance. When we set up this way, it's easier for the putter head to travel back and through on a relatively straight path. When we

make the putting motion, we want to minimize wrist movement. This will keep the putter face on line and keep the loft of the putter constant. By doing this, we can make more center contact on the putter face and be more consistent with our distance control.

Fall golf is not slow golf! There is still plenty of golf season left and many opportunities to get better.

1 Lesson (45 minutes)	\$50.00
Series of 3 Lessons	\$135.00
Series of 5 Lessons	\$200.00
Couple & Group Lessons	Starting at \$75.00 (60 minute lesson)

All lessons can be tailored to your needs and where you want to improve your game. Lesson times are flexible and can be scheduled to fit your lifestyle. Stop in and talk with Will or pick up a lesson brochure!

In partnership with the *Chicago District Golf Association*, a golf handicap kiosk is now installed and ready for use. This handicap computer is the only way for your scores to be entered. Lacoma staff will gladly show you how to use the kiosk but will no longer accept scorecards at the golf shop counter. If you have any questions please contact a member of the Lacoma management team.

John the Super

Don't forget to repair
your ball marks and
replace your divots :)

CUP PULLERS

As many of you know, we have replaced the pool noodles with cup pullers on all three courses. The intention of these de-

vices is to be able to hole out and retrieve your ball

WITHOUT touching the flagstick. The lever is designed so that you can easily use the head of your putter to get the ball out of the cup.

As you can imagine, the process of developing these cup pullers was pretty rushed and they aren't made with the highest quality materi-

als. We've found they are holding up fairly well as long as people don't abuse them, however. Keep in mind, that the more people

who touch flagsticks, the more germs our staff come in contact with. So I strongly encourage you to use the cup pullers.

GORDON'S LOOP

I've had many inquiries about when we might open Holes 3 & 4 on the Gold Course. As you know, both of the holes sustained significant damage in storms last fall. The bridge on Hole 3 was washed out and we lost a large oak tree on Hole 4, which is contributing to the washing out of the rough on the right side. This spring we've been putting all our resources into opening the new clubhouse and creating a safe work environment amidst the pandemic. Long story short, we are working on a plan to make repairs to those holes but we have no current ETA. Plan on playing those holes the "old" way for the foreseeable future.

REMINDER

We have a lot of unclaimed skin money and gift cards in the golf shop. It never hurts to stop in and check. You never know!!

September & October Events

LACOMA GOLF RYDER CUP

Sunday, September 20th

27 HOLES - 2-PERSON TEAMS
